**INDEPENDENT AUDITORS' REPORT**

To the Board of Directors and Members  
The Island Water Association, Inc.  
Sanibel, Florida

We have audited the accompanying balance sheets of The Island Water Association, Inc. (the "Association"), as of December 31, 1999 and 1998, and the related statements of operations and system investment, and cash flows for the years then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Island Water Association, Inc. as of December 31, 1999 and 1998, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

THE ISLAND WATER ASSOCIATION, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 1999 and 1998

**NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES**

**Organization**

The Island Water Association, Inc. (the "Association") is a not-for-profit organization exempt from federal and state income taxes under Internal Revenue Code Section 501(c)(4). The Association provides water to commercial and residential structures on Sanibel and Captiva islands, two barrier islands located in Southwest Florida.

Each connection for the services rendered by the Association entitles the subscriber to one membership certificate. At any meeting of the members of the Association, each member shall be entitled to only one vote, regardless of the number of certificates of membership held.

**Significant Accounting Policies**

**Regulatory agency and franchise**

On July 16, 1996, the Association was granted a 20-year franchise by the Board of County Commissioners of Lee County, Florida (the County) and the City of Sanibel (the City). This franchise agreement requires that the Sanibel City Council approve any rate changes requested by the Association. The agreement also allows either the City or the County to purchase the property of the Association at the then fair market value and requires the Association to give the City or the County the first right of refusal regarding the sale of the Association's property.

**Utility plant in service**

Utility plant in service is recorded at cost. Depreciation is provided over the estimated useful lives of the assets, using the straight-line method. The cost of depreciable plant assets retired, plus the cost of removal, less any sale proceeds, is charged against accumulated depreciation.

**Estimates**

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

NOTES TO FINANCIAL STATEMENTS  
December 31, 1999 and 1998

**NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Significant Accounting Policies (Continued) -**

**Marketable securities**

Marketable securities consist entirely of U.S. Treasury Securities and are carried at market value. These securities are not considered to be cash equivalents.

**Unbilled revenues**

Unbilled revenues represent revenues between the last dates of the cycle billings and year-end.

**Investments**

The Association is required to invest in participation certificates in the National Bank for Cooperatives as a requirement of its debt agreement. The Association recognizes income from this investment on the accrual basis. This method records income and increases the Association's invested amount, based on the patronage dividends declared by the bank. Refer to Note 3 for a more complete explanation of these participation certificates.

**Allowance for funds used during construction**

Interest is capitalized on funds used during construction at the weighted average rate paid by the Association on its long-term debt.

**Members' contributions in aid of construction**

Members' contributions in aid of construction consists of connection fees received from members and distribution lines contributed to the Association by real estate developers since the inception of the Association. These distribution lines are valued at an estimate of the developers' costs and are added to the Association's transmission and distribution plant.

**Cash and cash equivalents**

For the purpose of the statement of cash flows, the Association considers funds subject to immediate withdrawal by check to be cash equivalents. The Association also has on deposit with commercial banks amounts in excess of the FDIC insurance amounts.

THE ISLAND WATER ASSOCIATION, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 1999 and 1998

**NOTE 3 - LONG-TERM DEBT (Continued)**

The agreements with the National Bank for Cooperatives calls for the Association to maintain a cash or marketable securities balance of \$600,000 to be used for repair or replacement of plant assets, payments of principal and interest, and for expansion of plant assets with prior lender approval. The agreement precludes the Association from entering into other indebtedness and requires certain working capital and tangible net worth ratios be maintained.

The loan agreements provide for a penalty if the loans are paid off prior to maturity. The penalty approximates the net present value of the difference between current market interest rates and the debt's stated rate. At the end of 1999 and 1998, the approximate amount of the penalty was \$498,000 and \$887,000, respectively.

The Association is required to purchase Participation Certificates in the National Bank for Cooperatives. These certificates are required by the Farm Credit Act of 1971 and the bank's capital plan, as adopted by its Board of Directors, and represent capital ownership by the Association in the bank. Additionally, the Association is allocated income from these participation certificates based on the bank's profitability.

**NOTE 4 - PENSION PLAN**

The Association established a defined-contribution pension plan covering substantially all employees on November 1, 1979. This plan requires the Association to contribute annually an amount equal to 10% of each employee's salary plus an additional 5.7% of any salary in excess of the social security taxable wage base. The Association's contributions for 1999 and 1998 were approximately \$131,200 and \$136,600, respectively.

The Association has another retirement plan, which is a deferred compensation agreement with its supervising personnel under the Internal Revenue Code (IRC) section 457. This IRC Code allows for employees to defer a portion of their salary until retirement. The Delaware Group of Mutual Funds is administering the plan. The market value of the investments purchased with these contributions was \$107,500 at December 31, 1999.

During 1998, the Association adopted another defined contribution savings plan under Section 401(k) of the Internal Revenue Code (IRC) for all eligible employees. This plan allows employees to defer up to 10% of their income on a pretax basis, subject to IRC limitations, through payroll contributions. In accordance with the provisions of the plan, the Association may elect to match 100% of employee contributions up to a maximum amount of 5% of gross pay.
